

5000 PEOPLE SEE TOWNMENT; SPLendid MILITARY SPECTACLE

Army Presents Wonderful Show Free to People of El Paso and the Southwest in Appreciation of Courtesies; Mountain Batteries Are Fired and Troops Attacked at Washington Park Wednesday.

FIVE thousand people witnessed the first day's event of the military tournament commemorating the visit of the Liberty Bell to El Paso. Wednesday afternoon, they also witnessed the complete extermination of a gallant troop from the eighth cavalry by a squad of four men hidden behind four sacks of dirt and a tree trunk.

Collier Is Pet.
"Bibi," who is a Collie dog and belongs to company G, of the sixteenth infantry, assisted George Vidner, Lieut. John Cooke and second Lieut. M. M. Modeste of the eighth cavalry, who were in charge of the field event. The dog was the delight of everybody and when pennants were sent out with

Don't Merely "Stop" a Cough
Stop the Thing that Causes It and the Cough will Stop Itself

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a cough, don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily by deadening the throat nerves. Treat the cause—heat the inflamed membranes. Here is a home-made remedy that gets right at the cause and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2½ ounces of Pinex (50 cents worth) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy you ever used, at a cost of only 50 cents. No bother to prepare. Full directions with Pinex.

It heals the inflamed membranes so gently and promptly that you wonder how it does it. Also, loosens a dry, hoarse or tight cough and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent lousy cough.

Pinex is a highly concentrated compound of Norway pine extract, rich in quinine, and is famous the world over for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., R. Wayne, Ind.

German Prima Donna Sings In Italian and Is Scored by Countrymen
Vienna, Austria, Nov. 18.—Mrs. Lilli Lehmann, the famous singer, in a letter to the musical weekly "Der Merker," protests against attacks that have been made upon her by critics in Germany because she sang in Italian at a public concert in Salzburg.

"I have been astonished and pained by unfair criticism of a section of the press," the prima donna writes. "Are we carrying on a law against language? I am a foreigner, a German, a Slav, a Magyar, the artist I sing, was written by Mozart in Italian. Why should I sing in German? The German language is not a musical language as the Italian original."

"Year Of the Tiger" In Japan Brings Much Evil; 1914 Sustained Record
London, Eng., Nov. 18.—The belief in current in some political circles that a general election will take place in December. The fact that nothing has been done to date, which will compel a general election not later than January next unless a supplementary act becomes law in the meantime, leads many people to believe that this will be the means used to force an appeal to the country.

There are some who support the idea of an election on the ground that Premier Lloyd George needs of an unmistakable vote of confidence from the nation. But on the other hand, there is a large number of members who would regard an election as neither necessary nor politic.

NO MODIFICATION MADE IN MEXICAN QUARANTINE
Phoenix, Ariz., Nov. 18.—After three days' discussion over the proposed modification in quarantine regulations against Mexican cattle, the Arizona Livestock sanitarians board adjourned without taking action.

Field Ovens at Tournament Prove Very Interesting Feature to Many.
Hot army buns, fresh from the ovens of the army field bakery, in operation at Washington park, were in such demand by the visitors to the army tournament Wednesday afternoon that the supply was exhausted in a very short time. The buns were sold for charity. The army field bakery occupied two tents, with the field ovens in front. Behind were the tents in which the bakery staff members were quartered during their stay at the park.

Interesting Part of Army Life.
The bakery was a most interesting place to see as it presented a glimpse into a little known side of army life. The great ovens, which are about four feet high, made of big pieces of sheet iron, fastened together with chain clamps and bolts, so that the ovens can be quickly collapsed and rendered portable. Each oven is about 25 feet long, one above the other, with room for 25 two pound loaves in each chamber.

The fire to heat the ovens is built in a trench underneath, which is about two feet deep. When the ramp is to be permanent this trench is bricked. The tops of the ovens are covered with a foot or so of earth and the sides are banked with earth to confine the heat.

In the Mixing Tent.
In the mixing tent are two big tables and four dough rollers. Each trough has a capacity of 150 pounds of dough and all are protected with close fitting canvas covers. The temperature of this tent is kept continually at 35 degrees. In the storage tent are ten bread racks, each with three shelves. The racks are of wire and each rack has a capacity of 180 loaves of bread.

The storage tent Wednesday afternoon contained 1200 loaves of bread, which had been baked that day for the Sixth and 15th infantries. Capt. A. P. Watts, of the quartermaster corps, is in charge of the field bakery. Sergt. John Ruess, of the quartermaster corps, is in charge of the corps of men at the bakery, and Sergt. John Kilby, of company L, Sixth infantry, is in charge of company K, 15th infantry. Sergt. G. Gaffney, of company K, 15th infantry, and Sergt. John Kilby, of company L, Sixth infantry, are uniformed in immaculate white coats and caps.

After the tournament Gen. J. J. Pershing visited the bakery and delighted some of the children by explaining how the soldiers' bread is baked.

Advance guards were fired upon and some of them were "killed." When word reached him of the attack, the entire troop came into action and then the attack was "killed" off until not a man remained. The ambulance company No. 2, under Maj. W. F. Truby, came into the game and the men were carried off in litter and on stretchers. An automobile was used in carrying the wounded. It was a very creditable exhibition.

Field Hospital.
A field hospital, such as is used by the army, was attracted a large number of visitors at the army tournament Wednesday afternoon. The hospital contains an operation tent, which is equipped with every modern convenience for surgical work, an operating table, sterilizing tanks, etc. The operation tent has a canvas cover and is covered with mosquito net and has the right kind of light and heat for each patient. There is a diet kitchen, where the food for the sick men is prepared, and the tent quarters of the medical staff are attached to the hospital. The Red Cross flag, Maj. P. C. Baker is in charge of the field hospital and staff attached to the hospital.

Officers Are Hosts.
Capt. R. M. Nolan of the signal corps, had charge of the grand stand and the seating of the spectators and was assisted by Lieut. A. W. Peak, of the 15th infantry, and Lieut. F. Davis of the 16th infantry.

Maj. Matthias Crowley, of the sixth infantry, had charge of the operation of the parade and exhibition ground and was assisted by Lieut. R. H. Fletcher, Jr., of the sixth, and Lieut. F. N. Brannan, of the 16th.

Executive Committee.
The executive committee consisted of Maj. F. A. Wilcox, sixth infantry, chairman; Capt. George Vidner, eighth cavalry; Capt. L. L. Lawson, fourth field artillery; Capt. Robert M. Nolan, signal corps; Lieut. O. E. Mitchell, 15th infantry, secretary, and Lieut. K. S. Perkins, fifth field artillery.

The official program of events were Corp. Earle Steffen, troop E, eighth cavalry, and Sergt. Harry Clark, troop F, eighth cavalry.

Tournament to Conclude.
The tournament will conclude this afternoon with the construction and demolition of a bridge in view of the crowd. The second day's crowd was as large, if not larger than the first day. The army officers were again present as hosts and assisted in caring for the crowds and in seeing that everyone had a good time.

STOP CALOMEL! TAKE DODSON'S LIVER TONE

New Discovery! Takes Place of Dangerous Calomel—It Puts Your Liver To Work Without Making You Sick—Eat Anything—It Can Not Salivate—Don't Lose a Day's Work!

I discovered a vegetable compound that does the work of dangerous, sickening calomel and I want every reader of this paper to try a bottle and if it doesn't straighten you up better and quicker than salivating calomel just go back to the store and get your money.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your thirty feet of bowels of the sour bile and constipation poison which is clogging your system and making you feel miserable.

I guarantee that one spoonful of this harmless liquid liver medicine will relieve the headache, biliousness, coated tongue, ague, malaria, sour stomach or any other distress caused by a torpid liver as quickly as a dose of vile, nauseating calomel, besides it will not make you sick or keep

you from a day's work. I want to see a bottle of this wonderful liver medicine in every home in the South.

Calomel is poison—it's mercury—it attacks the bones often causing rheumatism. Calomel is dangerous. It sickens—while my Dodson's Liver Tone is safe, pleasant and harmless. Eat anything afterwards, because it can not salivate. Give it to the children because it doesn't upset the stomach or shock the liver. Take a spoonful tonight and wake up feeling fine and ready for a full day's work.

Get a bottle! Try it! If it doesn't do exactly what I say, tell your dealer to hand your money back. Every druggist and store keeper in the South knows me and knows of my wonderful discovery of a medicine that takes the place of dangerous calomel.—Advertisement.

Ella Wheeler Wilcox Writes on The Marriage Bond
She Compares the Socialistic Marriage and the Common Law Marriage.

By ELLA WHEELER WILCOX.

THE Rev. Buck White performed a socialistic wedding recently. It differed from other marriages in substituting "white love lasts" for "till death do us part." The Rev. Buck White said very truly, "Where love is, not true marriage is not." But in making this change in the marriage ritual no reformation is being made in our domestic or social conditions. It will unquestionably result in greater license and more frequent separations.

There are living in the world today numerous happy couples who have passed over danger reefs in life's voyage and weathered great storms and come forth into calm seas. During their long life together, the socialistic unfaithfulness—that old, old quarrel, as old as God—these should stand guard over marriage.

The socialistic marriage would disperse with them. Since an easy exit from a difficult situation was at hand, why exercise the sterner virtues?

Every married couple ought to think of love as a perennial not as an annual plant. Perennials and annuals require different treatment in one's garden. Prepare the soil then for the perennial. Give them the right care, protection, and fertilize the ground where they grow.

It will make a more beautiful and satisfying garden than the planting of seeds in shallow soil each spring and the throwing away of the faded flower at the first touch of frost.—Copyright, 1915, Star Co.

DANDRUFF GOES! HAIR GETS THICK, WAVY, BEAUTIFUL
Save your hair! Double its beauty in a few moments. Try this!

Hair stops coming out and every particle of dandruff disappears.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but will be as smooth as silk. You will be after a few weeks' use, when you see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dark, faded, brittle and scraggy it may be. It draws it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy, and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It gives life to the hair, invigorates and strengthens them. Its exfoliating and stimulating and life-producing properties cause the hair to grow long, strong and beautiful.—Advertisement.
